

Appendix G Prolonged Physical Restraint

1. **Justify** the need for prolonged physical restraint.
2. Describe the restraint device.
3. Describe how the animal(s) will be adapted to the restraint device.
4. What is the duration of a restraint period?
5. Are animals monitored during the restraint period? How often?
6. Are there any anticipated problems as a result of the restraint device (e.g., skin lesion from harness, moist dermatitis, etc)
